 - Architecture
 - Live Demo
4. nexQuent Savento Migration Suite

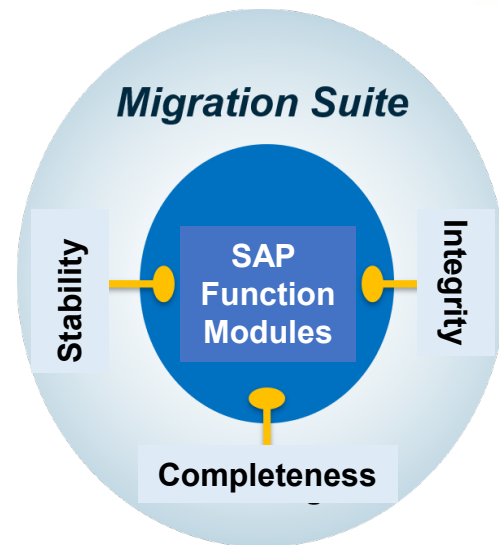

nexQuent Savento Migration Suite

Essential Features

- Complete processing of migration within SAP
 - use of SAP standard ArchiveLink functions
 - multi-level procedure with individually defined migration steps
 - logging of all migration steps and completeness checks
- Maximum safeguarding of the migration process
 - proof for identical document copy and readability in target archive

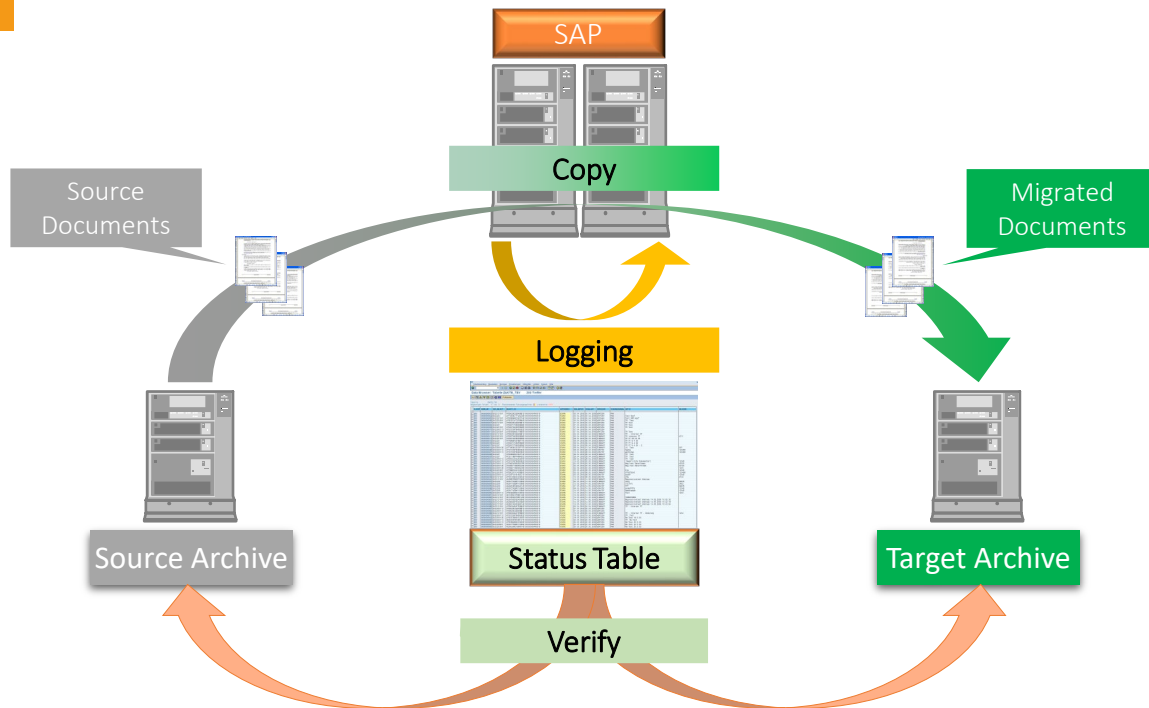

- Migration of ArchiveLink/KPro/DMS documents/ADK files, but also customer-specific or add-on archiving solutions
- No additional hardware/infrastructure necessary
- Maintaining ContRep ID and archive doc. ID possible

nexQuent Savento Migration Suite

Overview

Software certified by a large auditing company according to IDW PS 880:
